Features That Keep Your Special Child Safe

- Sensory Friendly Wearables**
Attach the GPS device to the child's clothing or use our customized body string. Only parent can remove.
- Unknown Place Alert**
Receive an instant alert if your child is in an unknown place.
- 1-Way Voice**
Make sure your child is well and hear what's happening in their surroundings.
- 2-Way Voice**
Talk to your child at any time, without them needing to touch or click anything.
- Indoor Sounds**
Hear your child in a mall, school, or any indoor facility.
- Alarm**
Activate an alarm on the device, to locate your child when nearby in a crowd or when falling.
- Runner Mode**
Get GPS updates every 10 seconds, with distance readings and directions to your child.
- First Responder Alert**
In case of a lost child, send a message to a predefined group of trusted people with a single click.
- Late Dismissal Warning**
Get an alert if your child hasn't left school on time... ensure they're never late again!
- Timeline View**
See your child's daily timeline at a glance: locations, routes & travel speed.
- ETA Feature**
Know when your child is expected to get home. Some places don't!
- Wide Cellular Coverage**
No matter your carrier, AngelSense works throughout the entire US and Canada.
